Circular Bio-Based Business models to create high-value Bio-based products in integrated value chains

C4B's **vision** is to accelerate the transformation of EU agriculture and forestry sectors into thriving bioeconomy communities where primary producers are empowered and the benefits are equitably distributed across value chains, leading to sustainable rural development and economic growth.

C4B's **mission** is to develop and deliver innovative and sustainable business models and tools that balance power and profit by enhancing the involvement of primary producers and fostering collaboration amongst stakeholders contributing to a more resilient and prosperous EU bioeconomy.
